# Bassano

BASSANO, ALBERTA, THURSDAY, OCT. 20, 1921

READ THE HOME  
NEWSPAPER

Vol. 9 No. 8

## Crowfoot

Miss Alice Rodbourne spent the week end with her parents, Mr. and Mrs. Charles Rodbourne.

Mrs. Mae Murchison and Miss Mary Murchison returned to their home in Calgary after spending several weeks at the Walker home.

Mr. Ellis Campbell made a business trip into town Friday.

The folks who drove into town Wednesday evening to hear the lecture by Mr. Higgins of the Dominion Experimental Farm, regarding the raising and culling of hens and chickens were amply repaid for their effort.

Mr. Higgins had several varieties of hens present to illustrate the good laying, from the so called "hoarders", with regards to shape of head, brightness of the eye, length of beak and other indications to be observed in selecting flocks for profit. It seemed quite apparent that many were trying to raise fowl and really knew nothing of their characteristics. Mr. Higgins is planning on a return trip in the near future when he will devote more of his individual attention to people interested in learning more of the poultry business.

Some 250 people attended the "Barn Dance" given by Messrs. Guyatt Bros. and Graham in the barn at D. J. Guyatt's farm Friday evening. It can safely be said it was without exception the largest gathering the community has ever had and certainly the most successful. The people in charge spared no time or expense to make the affair a success, and the Bassano Orchestra did justice to their reputation and were extremely generous with music and we wish to thank the representatives of friends from the surrounding districts who all helped to make this the success that it was. \$108.30 was collected and \$10.00 was turned over to the treasury of the committee.

Please bear in mind, a Official supper, Bassano, and a home-made candy, to be held in the Presbyterian Church on Thursday evening Nov. 3rd, beginning at 6 o'clock, under auspices of The Ladies Aid.

## Gem

At six o'clock, Nov. 7, a Community Thanksgiving supper followed by a prayer service will be given at the Gem school house by the Ladies Aid. Collection will be taken.

Evangelistic services conducted by Rev. McClintock and Mr. Nichol, soloist and song leader will be given at the Gem school house every evening, except Saturday, from Oct. 19-30 inclusive. Come! Mrs. F. A. Fryberger and the existing choir get the church Wednesday in Duchs.

Walt Parrott's illness became more serious and he was taken to the hospital Wednesday night, suffering from symptoms of typhoid fever. He is some better at the last report.

Messrs. Waltemath, Dorham, Cerney, Wrathall, Keener, Marquess, Jack Wrathall, and Everett Longstreth were in Bassano Wednesday.

Mr. and Mrs. Ralph Robson and Mrs. Roy Robinson spent Wednesday in Bassano.

The Ladies Aid met with Mrs. L. L. Fryberger on Thursday.

Mrs. Ross of Colorado Springs, Colo., is visiting his daughter, Mrs. Alex Silver and family.

Ed Newcombe and friend of Pandora were goose-hunting here on Monday.

Mr. and Mrs. Thorne of Barry Creek, are now working for P. F. Clements of the Spruce Creek coal mine. Anyone getting coal there now can get a good meal too.

Donald Carpenter has been quite seriously ill with bronchitis. Dr. DaSilva was called to attend him.

Mr. and Mrs. J. E. Rosebrough are the proud parents of a son born at Bassano hospital, Friday Oct. 14.

Mr. and Mrs. Ralph Robson and family were Sunday dinner guests at the home of Mr. and Mrs. Earl Robinson.

Mrs. and Miss Coppington were Sunday guests of Mr. and Mrs. Stanley Selfridge.

## Council Wants To Dispose of Property

**Better to Have Property in Hands of Tax Payers Than in Possession of Town**

The town will hold a 'tax sale' in December and deputize a special committee, consisting of Councillors Travis, McKee and Stiles to deliver into the intruders of the Tax Recovery Act. The purpose is to find out if the town cannot bid in lots at a minimum price later sell these lots for sale to private parties later on the arrears of school, hospital and provincial taxes would have to be paid by the purchaser. This offers little relief to the town because the arrears amount to a considerable sum at the time gone. The council wants to sell the property at a reasonable figure to people who will have use for the land and will pay their taxes.

Geo. Travis suggested exchanging inside property owned by the town for outside stuff. The idea met with favor as inside property pays higher taxes and it is of little use to the town. The idea is to make the town more compact and as much of the inside property as possible paying taxes.

## INDIANS AGAIN TURN DOWN PROPOSAL TO LEASE COAL MINE

A second ballot has been taken by the Indians on the matter of leasing the coal mine to the town and the proposition was again defeated. The Blackfoot Indians, who were to operate coal claims on the reserve. The council on receiving this information decided to move the rails and the property from the mine. This property was left there after the Indians refused to lease the mine. The Indians are now leasing the mine to the town and the town is now leasing the mine to the Indians. The Indians are now leasing the mine to the town and the town is now leasing the mine to the Indians.

Oscar Madill received word that a cousin of his living in Edmonton was killed by the accidental discharge of a gun while out hunting.

The weather this fall has been remarkably fine. The last week has been featured by chinook winds.

## CURLERS' MEETING

A general meeting of the Bassano Curling Club will be held in the Curlers' Room of the Bassano Curling and Skating rink on Tuesday, October 25th, at 8:00 P. M. for the purpose of organizing for the season 1921-22. All members of the existing club are urged to attend.

Harvey Smith, Pres.

## TORGAN'S STORE BURGLARIZED AGAIN

Jack Torgan's store was again broken into, the thieves gaining ingress on Monday night and stealing guns, club bags and other stock. This is the second time this year the store has been burglarized.

The goods of which were taken, were a variety of goods, including guns, club bags and other stock. The store was broken into on Monday night and the thieves gained ingress through the back door. The store was broken into on Monday night and the thieves gained ingress through the back door.

Messrs. C. Villet, Ewing, Waltemath, C. Marquess, D. Marquess, Richard, Cowan, Derham, F. A. Fryberger, L. L. Fryberger, and J. Medames Penhale, F. A. Fryberger, L. L. Fryberger, W. L. Fryberger, M. E. Derham and Miss Wilda Swing were Bassano callers on Saturday.

Everett Longstreth and Jack Wrathall left for Oregon on Saturday.

Messrs. Chas. Jones and Clarence Marquess and Miss Miller spent Friday in Bassano.

Mr. and Mrs. D. C. Fortney and family, Mr. and Mrs. C. Fryberger, and Miss Reid were Sunday guests at the home of Mr. and Mrs. F. A. Fryberger.

Mr. and Mrs. D. C. Fortney and family, Mr. and Mrs. C. Fryberger, and Miss Reid were Sunday guests at the home of Mr. and Mrs. F. A. Fryberger.

Miss Gladys Woodhull was a guest at the F. A. Fryberger home Friday evening.

## GIVEN OPPORTUNITY TO JOIN BASSANO HOSPITAL DISTRICT

To the residents of Township Twenty Five in Ranges seventeen, eighteen, nineteen and twenty, an opportunity is given on Wednesday, November 2nd to be included in the Bassano Hospital district, and to obtain the benefits thereof.

On this date a vote will be taken at the Dundas Ranch on the south half of Section 25, Township 25, Range 18, from 9 o'clock a.m. until 5 o'clock p.m. on whether the people of the area described above desire to be affiliated with the Bassano Hospital district.

The advantages of belonging to the hospital district are so well known that it is hardly necessary to recapitulate them here. Many farmers in this area have expressed to the Bassano hospital board their desire to join the district. The area mentioned is located between Bassano and Drumheller, and the choice is between the two. The possibility of traversing the north road to Drumheller has placed that hospital in an impossible position with regard to Township 25.

It behooves those who are located in this township, and who now have the opportunity to join the district to see the full advantage is taken. The Bassano hospital is well established and has rendered wonderful aid to the sick and suffering of a wide territory. The people of Township 25 in Ranges 17, 18, 19 and 20 should fully realize their great responsibility and their great opportunity.

## MAIL OFFICE SAVED BY EFFICIENT FIRE BRIGADE

**TWO LINES OF HOSE THROWING WATER WITHIN FOUR MINUTES OF ALARM**

The efficiency of the Bassano fire brigade was well demonstrated on Monday afternoon when a fire in the Bassano Mail office was extinguished.

The fire started from hot ashes and had crept along the joints under the floor, when the fire broke out. The fire started from hot ashes and had crept along the joints under the floor, when the fire broke out.

The men had the fire apparatus at the Mail office in less than five minutes. The fire was extinguished in less than five minutes. The fire was extinguished in less than five minutes.

## Conservative Convention to be Held In Bassano Saturday Afternoon

Hon. R. B. Bennett, Minister of Justice, and J. S. Mavor Will Address Evening Mass Meeting

A convention of adherents of Premier Meighen and his Conservative Government will be held in Bassano Saturday afternoon, October 22nd, at 2 o'clock p.m. The main business of the convention will be the selection of a candidate to contest the seat at the next election.

The invitation is general. On Saturday afternoon a mass meeting will be held at the Bassano Hotel. The speakers will be Hon. R. B. Bennett, Minister of Justice, and J. S. Mavor, Minister of Agriculture. The speakers will be Hon. R. B. Bennett, Minister of Justice, and J. S. Mavor, Minister of Agriculture.

## Rye Growing in Alberta

Seventy kernels of rye on some heads, and the average with from thirty-four to fifty-five kernels, is what the rye crop is producing on the Bow River in Southern Alberta. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat.

Amongst the Rye Fields on the Noble Farm in the Bow River valley, the rye crop is producing a fine yield. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat.

The rye crop is producing a fine yield. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat. The heads are seven inches long, with the grain bursting through the chaff, and look much like wheat.

## Can Town Be Forced To Maintain Constable?

**Council Hears That Provincial Government Insists on Such Action**

Must Bassano secure the services of a policeman? Council heard that the provincial government insists on such action.

Coun. Geo. Travis fought the proposal tooth and nail. He contended it was a useless and unnecessary expense to hire a policeman. Former experience had been unsatisfactory and very expensive.

Coun. McKee approved the proposal and for a time there was abundant argument. Travis contended that Bassano citizens were quiet and law-abiding as a rule and the legislature had no moral right to force the town to take such action.

The matter was referred to the police committee, which consists of Councillors Stiles, Playfair and McKee.

## Countess

Mr. Davis' son arrived last week from Washington, and will assist his father in farming their quarter next year.

Mr. and Mrs. Felton gave a dinner at their home Sunday evening. The following were invited: Messrs and Mesdames Yon, Cashman, Snyder and Matlock.

Mr. Havelock Churchill left on the last of the week for a short business trip to Olds.

Floyd Gardner will spend the winter at his home in St. Anthony, Idaho. He, with his father and brother, Mr. Ganser and Billy will return in the spring and run their place here.

## Prospective Candidates

(Calgary Herald)

A government candidate will contest the election in the Bow Valley riding, and has recently been by H. H. Halliday, who is no longer a resident of this province. It has been decided that a convention will be held at Bassano on Saturday, October 22. It is not generally thought that the Liberal party will contest this seat and so the fight will be between the Conservative and the U.F.A. non-vote between a government and a non-vote.

## Makepeace

Mr. B. F. Nail left Monday night for Medical Lake, Wn., where he will spend the winter.

Mr. P. D. Martin of Wenatchee, Wn., is visiting his brother, E. N. Martin.

Alex Alexander was a business visitor at Bassano last Monday.

Mr. A. A. Bostwick expects to move to his own farm in a few days where he will live in the future.

In spite of the predicted dry year and low prices for next year there is more than a meadow and fall ploughing done. His fall than in previous years.

Mr. and Mrs. J. H. Brewer took Sunday dinner with Mr. and Mrs. J. B. Hursh.

Word has been received from Robert Naim that Mrs. Naim has undergone an operation and that her speedy recovery is expected.

Now is the time for all good men to come to the aid of their party and also for some pin-headed senator to talk of an amendment to the constitution of Canada. It would warm up an election as it did once before.

Mr. and Mrs. Matlock and Mrs. L. M. Grove of Castor, motored down last Sunday.

Mr. and Mrs. Matlock continued their journey to Champion, where they will visit friends and relatives for a few days. Mrs. Grove will visit at Mr. and Mrs. Hursh's this week.

S. A. Robertson the new section foreman, has gone to Alydeside and will return the last of this week with his family.

## Majorville

There is politics in the air. There is politics in the air. There is politics in the air.

Mr. Little Jimmie, about his head and neck, is not to go east. "Alberta is good enough for me. Good stuff, Jimmie."

Mr. and Mrs. Johnstone and little daughter Doris, from Halkirk, Alta., were visiting her sister Mrs. Wilson at the school house cottage last week.

Mr. Fern, of the Caledonia Fire Insurance Co. was appearing the fire damage on the 10th inst.

Mr. Christie of P. Burns Co. and Mr. McEellan of Meburn's Calgary, were business callers on the 10th.

Messrs. Blaze and Hunter of the Imperial Oil Co., were also on the rampage with order books and saws.

Mrs. Ebdale who has been seriously ill with appendicitis at the Holy Cross hospital Calgary, where she had been on the nursing staff, is around again visiting at her former home here. Her friends are pleased to see her nicely recovering.

Messrs. Dietz and Opal are building a cottage and barn on their property near the reserve. Mr. Gordin is very busy preparing to erect a new barn. Mrs. Stephens is having a house put up, and Mrs. Ebdale is having a new barn built. These latter three buildings were burnt this last summer and as they are adjacent to the reserve, it is not generally thought that the Liberal party will contest this seat and so the fight will be between the Conservative and the U.F.A. non-vote between a government and a non-vote.

The names of several men prominent in the riding have been mentioned as possible candidates, although none of them have indicated what they would do if elected. Among others are: Ed. Purcell, of Brooks; S. Lent McEulan, of Drumheller; H. O. Breslin, of Bassano; and L. E. Ormand, of Hanna. Mr. Purcell is mayor of Brooks, a member of the executive of the Newell local, vice-president of the William Pearce Irrigation project, and an executive member of the Western Canadian Irrigation Association. Mr. McEulan is one of the best known coal operators in the Drumheller-Wayne field.

Mr. Noble's opinion carries weight, too, for he has always had a crop to back up his convictions. In 1915 he made a world's record for a thousand acres of rye, and in 1916 he made a world's record for a thousand acres of rye, and in 1917 he made a world's record for a thousand acres of rye.

Mr. Noble's opinion carries weight, too, for he has always had a crop to back up his convictions. In 1915 he made a world's record for a thousand acres of rye, and in 1916 he made a world's record for a thousand acres of rye, and in 1917 he made a world's record for a thousand acres of rye.

## A Successful Woman Farmer in British Columbia

(1) Lillooet country, showing Mrs. Foster's ranch in foreground. (2) Mrs. Foster, of Lillooet, B.C.

At Lillooet, about thirty miles west of Ashcroft and north of Lethbridge, in the middle of the dry hills of British Columbia, where the soil is the magic wand that turns the desert into a fertile garden, there is a little 82-acre farm owned and solely managed by a woman.

It catches the eye by its appearance of orderly prosperity, its steady orchard, well-kept gardens, the sleekness of the milk-cows grazing in the higher pastures and the vivid green of its alfalfa fields stands out in strong relief against the vast barren brown slopes of the surrounding country, sun-baked, covered with sagebrush and little else.

Wary as she is with a life-long's work of fifty-three years behind her, Mrs. Foster still carries on — as faithfully and as thoroughly as she did twenty years ago. With the help of an Indian who comes in to do the ploughing and give a hand with the haying and harvesting, she and a niece, who sometimes stays with her, manage the whole work of the farm alone.

Mrs. Foster gets more out of her acreage than any other farmer in the province. Every inch of ground is turned to account on a methodical and scientific system; the vegetable and animal growth are made to react to each other's mutual benefit and both to the good of their owner and the country.

Her five milk-cow pasture on the farm and she sells all her dairy produce every 700 boxes of fall and winter apples.

There are some healthy looking hedges of grape vines which bear profusely and plenty of raspberries and other small fruits, but her speciality is melons for which she is famous. There are rows and rows of these, cantaloupes, musk and water melons for all of which she finds a ready market. Her four hives are partly the reason why her fruit is so successful.

And so we take off our hats to this woman who is "carrying out" so wisely and so well to one country's benefit—H. G. W.

## The AMPICO in the Willis Producing Piano

THE OUTSTANDING MUSICAL ATTRACTION AT THE TORONTO EXHIBITION

The following appeared in the Toronto Daily Star: "At the Willis both in the Manufacturers' Building a series of daily art impromptu concerts are being thoroughly enjoyed by the immense crowd and lovers of all that is best in music had through the building during each day."

"By means of the world's acknowledged greatest reproducing device in a superior Willis piano visitors were enabled to hear the choicest musical renditions by the leading artists of the world. This masterpiece of Canadian craftsmanship came in for much unqualified praise and admiration, as it is undoubtedly the outstanding musical attraction at the Exhibition."

"The Willis House, which has been exhibiting for years at the great National Exhibition, is one of the largest exclusive manufacturers of and dealers in pianos and players in the Dominion, operating branches and agencies from ocean to ocean. They also feature specially made pianos for the export trade. The head office is at 560 St. Catherine St. West, Montreal, Que."

The AMPICO provides music as no other instrument can. It provides music of all kinds.

The Ideal Musical Instrument for Your Home

No—it is not a player piano—it is far more than that. It is a marvelous invention, the greatest in the history of musical achievement—which produces the playing of the great pianists with minute exactness, indeed as of the artist himself were at the piano playing for you with his own hands.

Ask to hear the playing of Rachmaninoff, Schmitzer, Mirovitch, and a hundred others.

It can do wonderful things for you and your family. It will make you know and understand music. It will make you love music. Let us tell you more about this wonderful instrument. Daily Demonstration. Hear it!

**HIDES** — Quiet.

**TO MEASURE HAY**

Particulars of what is known as the Burns measurement for hay stacks, at the end of thirty days after stacking:  
"Add the width and the over-throw; divide the result by four; multiply the result by itself; multiply by the length and divide by 512."

## U. P. A. Convention

**Adopted Resolution**  
The Board of Directors of the United Producers' Association, at the meeting held in Calgary last week, to have called a referendum on the question of co-operative grain elevators.

A. C. Weaver, of Bassano, who has been endeavoring to get this resolution before the local branch of the U. P. A., at the meeting held in Calgary last week, introduced the following resolution, which was passed without a dissenting voice:

**RESOLVED** that it is the sense of this convention, and delegates here assembled, in support of the cardinal principle of the initiative and referendum, that our head office of the U. P. A. be hereby requested to submit to all U. P. A. locals of the province, for a referendum vote thereon, the following resolution, unanimously adopted by the Bassano, Husar and Rosemary locals, and that all delegates to the next annual U. P. A. convention be instructed for, or against, the said resolutions, as follows:

Mr. Weaver had prepared the following resolution, in favor of the consideration of each local, and at the convention the consensus of opinion will be available for further action.

**WHEREAS** the Committee of Seventeen representing the United States Grain Growers' Association, Inc., of the United States, having drafted and adopted a plan for collective marketing of grain which recognizes the local co-operative elevator as a basic unit of service and the actual foundation of success in the undertaking, such elevators having, as shown by the late report of the U. S. Federal Trade Commission, earned 39 per cent dividends on the actual capital invested as against 18 per cent dividends for old line elevators, and

**WHEREAS** co-operative elevators operating on a patronage basis, all earnings being proportioned back to producers in proportion to the amount of produce supplied; and

**WHEREAS** the initiative draft for a wheat pool as now submitted by the Canadian Council of Agriculture applies only to wheat to the exclusion of all other grains, and ignoring the actual necessity for strictly co-operative elevators as a basic fundamental for success in collective marketing, the plan leaving such utilities in the hands of direct enemies of collective marketing while depending upon their co-operation for their success, therefore let it be

**RESOLVED** that the Local of the U. P. A. hereby places itself on record as unanimously favoring action by our leaders looking to the adoption of the plan now being placed in operation in the U. P. A. Grain Growers' Association, Inc., and that they concur and affiliate with the latter for the purpose of bringing about the adoption of the same plan in both nations, that each may profit by the experience of the other. And be it further

**RESOLVED** that it is the sense of this local that an invitation of every local in Alberta and elsewhere in Canada be extended to the United Grain Growers' Ltd., of Canada, and to the Saskatchewan Co-operative Elevator Association, that the members of such organizations take steps looking to the reorganization of these companies to the end that the elevators now controlled by said corporations shall be operated as profit-saving enterprises for the benefit of producers rather than as money-making institutions for the benefit of investors. And be it further

**RESOLVED** that we hereby petition the Federal Government at Ottawa for the enactment of laws placing the grain exchanges of Canada, as strictly public utilities, subject to regulation by a federal board representing producers and consumers, the chairman of such board to be the Federal Minister of Agriculture. This board to possess the power to compel such exchanges to admit to membership the representative of co-operative organizations engaged in marketing grain at cost. And be it further

**RESOLVED** that our provincial government is hereby petitioned to enact legislation compelling all grain elevators in Alberta to furnish each

shipment an annual report setting forth a statement, and financial statement of the year, and net earnings of such elevator, and be it further

**RESOLVED** that the vote in this resolution be reported by every local to U. P. A. Headquarters, Calgary, Alberta.

## Buy an Irrigated Farm

from the Canadian Pacific Railway

Investment makes the rapid development of rational, and efficient, and profitable farming, naturally, long-term investment.

Irrigation makes possible the successful culture of alfalfa, hay, winter fodder, which are the main returns in carrying out the farming.

Irrigation means intensive farming and close settlements, with all the advantages of a highly developed agricultural community.

Irrigation in the Canadian Pacific Railway Irrigated Block is no longer an expensive, but a profitable, and successful, and successful, wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record.

For full particulars apply to

**Allen Cameron, General Supt. of Lands**

Canadian Pacific Railway, Department of Natural Resources

## Some Reasons Why You Should Buy COAL Now

### THE WISE VIRGINS

The New Testament parable of the Ten Wise Virgins was a preachment for preparedness.

The curse of "manana" will linger with the human race as long as there is a "to-morrow".

The "mine run" of the children of Adam shirk responsibility on every occasion they can. Delay and procrastination form a few more paving stones for "good intentions" mosaic on the basement of the nation's regions.

All this applies to the man who won't save a few dollars in good times for the benefit of his peace of mind when the times get bad; for the man who neglects to get life insurance when he is in good health and for the man who fails to lay in a good coal supply in the early fall in order that his home may be kept snug and warm in the winter.

### The sheep-like multitude

seem to have been following a short-sighted bell wether this fall. Very few coal bins are as full as they ought to be right now. Government authorities deem the matter so serious that they are openly calling attention to the inadequate supplies laid away and the unavoidable shortage that will ensue when winter sets in. It takes a bomb to wake some people up, however, while friendly, frank advice is sufficient for others. We believe we are doing our duty to the community in advising every householder to lay in a supply of coal NOW.

It is a matter of importance to the people to have the danger of coal shortage and its consequent inconveniences averted by timely and sensible action.

## ROSEDALE COAL

The Finest Coal Turned out of Drumheller Valley

Read the Rosedale Policy as told by Mine Manager:

"Rosedale Mine is mining only 4 1/2 feet of coal, which is all coal and contains no impurities.

Prior to this spring, we mined a nine foot seam, which contained a belt of clay and bone in the middle. Realizing that it was necessary to get out an absolutely clean product, the Rosedale Mine abandoned the lower portion of the seam, and, as stated above, is mining only 4 1/2 feet of nice, shiny coal. The mining is now done by electric cutters, so that the lump coal is nice and chunky. With regard to the preparation and screening equipment at the Rosedale Mine, it is second to none. All the coal is screened over a 66 ft. Marcus Shaker screen; the lump coal containing all coal passing over a 3" hole; the stove coal containing all coal passing over a 1 1/2" hole and through a 3" hole. This preparation makes our stove coal very uniform in size and it is much in demand for use in kitchen stoves; indeed a great number of consumers are now using our coal in their furnaces."

Buy ROSEDALE Coal from

**Crown Lumber Co. Ltd.**  
BASSANO Jos. Wright, Manager

PROVINCE OF ALBERTA

DEPARTMENT OF MUNICIPAL AFFAIRS

## TAX SALE

Sale of lands in the Province for arrears of taxes. Notice is hereby given that certain lands in Improvement Districts Nos. 124, 154, 155, 156, 185, 186, 216, 217 and 247 in the Province of Alberta will be offered for sale for arrears of taxes and costs on the 4th day of November 1921, at 10 o'clock in the forenoon at Bassano unless the arrears of taxes and costs be sooner paid.

A printed list of the said lands may be obtained upon application to the Department of Municipal Affairs at Edmonton, Alberta, or may be seen in the issue of this paper dated 22 September, 1921.

Dated at Edmonton, this 1st day of September 1921.

J. H. LAMB,  
Deputy Minister, Dept. of Municipal Affairs.

## The Best Mines of Alberta at Your Service

We can now supply you with the finest Coal mined in the province. The following tables show heat producing qualities of coal we handle. The British Thermal Unit "B.T.U." tells the exact heat producing quality of the coal. Buy your coal intelligently.

E. H. McCAUGHERTY, Local Manager

## LOCAL NEWS

Dance at the skating rink tonight.

F. B. Gardiner has gone to Teton, Idaho, for the winter.

J. S. Mavor was down from Calgary this week.

J. C. Malmberg, formerly of town, is now residing in Edmonton.

The new pack of jams have advanced \$10.11c for 4-lb. tin.

The provincial sanitary inspector was in town recently and stated that Bassano's streets and back alleys are cleaner than they have been for some time.

H. H. Halliday, M.P. for Bow River, is leaving Ottawa for Vancouver where he will reside. He is entering business there.

There has been a good deal of petty thieving going on in town. Clothing and articles left in autos standing on the streets have been stolen.

Fire Chief 'Fuzz' Malloy had an opportunity of using the new gas helmet recently purchased by the town, at the fire in the Mail office.

J. R. Higgins, government poultryman, had a peculiar accident to him while out duck shooting. A shell exploded in his pocket and blew a hole through his overcoat.

The Masons held a very pleasant entertainment last Tuesday evening. During the evening O. B. Madill was presented with a gold locket. He is shortly to leave Bassano and has been actively identified with the lodge for several years. R. S. Wight, the worshipful master, made the presentation. Mr. Madill made a suitable response.

Mrs. Wilson of the public school teaching staff, was off duty through sickness, for a few days this week.

Mr. and Mrs. R. H. Travis and children returned last week from visiting friends at Bulyea, Sask.

The Round T ranch is shipping cattle to Great Britain.

A chicken shooting party composed of Wallace Flanagan, Joe Stiles, A. L. Seale, Jack Allen and O. Madill went across the Red Deer river, on the opening of the season and succeeded in getting 24 birds.

Oscar Madill is leaving for Edmonton this week. His many Bassano friends regret to see him depart. Oscar has been a Bassano resident for four years.

Canadian railroads will not be affected by the threatened strike on United States lines. The employees on Canadian roads have agreed to a reduction and the new arrangement lasts until next February.

Hugh Stainsleigh, of Husar, Mr. and Mrs. A. A. Boatwick and Ward Brothers of Makepeace, were in town for the Masonic entertainment on Tuesday night.

A. F. McCallum, Joe Stiles and E. H. McCaughy were in Brooks Wednesday evening attending a meeting of curlers to discuss plans for the coming winter.

The Bassano incinerator is now in running order and rubbish will be burned on two days each week, the particular days to be fixed later.

George A. Smith, former Minister of Education for Alberta, is disposing of his newspaper at Camrose, and other business interests in Alberta and leaving for Ontario. He will be manager of a manufacturing concern there.

Manager Torgan has purchased the picture "The Great Moment", a Elinor Glyn story, played by Gloria Swanson and the film will be shown at the Gem shortly. The picture is now being shown in Calgary.

## Community Poultry Kill to Be Held Here Early in December

Some time in December a community poultry killing project will be held in Bassano. Experts in poultry, killing, picking and packing will be sent down by Department of Agriculture and the turkeys, ducks and geese assembled by the farmers will be killed and shipped to the best market available.

R. J. Higgins, of the department of agriculture, has been in the district arranging for the project and the farmers have been circulated.

The benefits to be derived from Community Killing project are quite evident:

(1) The overhead expense would be reduced to a minimum.

(2) The loss in shrinkage from shipping live birds would be saved. This amounts to from 15 lbs. per crate with ducks to 1-1/2 pound per bird with turkeys.

(3) By shipping the poultry dressed, a saving of 50 cents per hundred pounds would result—Live poultry first class rate—Dressed poultry second class rate.

(4) Dressed birds weigh from 1-2 to 1-4 lbs less than live birds, and consequently an additional reduction in the transportation expense, must be heavy.

(5) No expense in connection with live poultry crates, which of necessity, must be heavy.

(6) By having birds killed, dressed, and packed by experts, a uniform product is the result, which will command a better price.

(7) The advantage of placing your poultry in cold storage if necessary to await most favorable market. (Any profits to be derived thereby would be returned to you in due course as a dividend.)

(8) The advantage of co-operative marketing.

(9) The educational feature. Complete demonstrations will be given relating to

the grading, killing and dressing as well as packing of the poultry for market. All farmers will be encouraged to lend a hand at the killing here, thus helping to keep down the cost of preparing for market.

The assembling and killing will be conducted at not more than two points at a time, and will commence about the last week in November and continue until December 15th. The exact location and date will be announced through these columns later.

—ABREAST OF THE TIMES MEANS, THE LATEST BOTH IN GOODS AND VALUE.

THE  
**McKEE STORES**  
ALWAYS AT YOUR SERVICE  
Bassano, Alberta.

Ah! they taste good.

Try our delicious Tea and Coffee Once You'll want them again.

You will gain the reputation of being an expert house-keeper if you serve our tea or coffee when guests come in. Also give it to your family. A dinner is not a good dinner unless you serve good tea or coffee.

The pleasing "odor" of our tea and coffee is excellent only by its pleasing "taste."

While our best tea or coffee costs a little more per pound than the ordinary, it is the economical kind to buy; it has strength and costs less per cup.
